

In Attendance was
Eric Broadwell
Manny Ramos (along with his lovely wife and daughter)
Steve Acenbrak
Mike Burns
Heather Trainor

Meeting was called to order at 7:45 at the Fickle Pickle.

Many gracious thanks to the Fickle Pickle as they closed at 8 and allowed us to continue the meeting and offered us cookies and brownies and coffee!!!! This is a great ride to lunch location.

Old Business:

No new action on **Time Trial** on Sat May 3.

Mayor's Ride on May 4th will be a MS150 training ride and MS 150 has agreed to provide 400 bells for the ride goodie bag. Eric to follow up with Roy.

We hope to continue our group participation push for the Mayor's ride and will still offer \$100 to any group that brings 25 paid riders. Boy Scouts were discussed as a possible market group. Possible socks in the bag this year. Heather is looking into others that may be able to join in our order. It was discussed to get the bike jersey order attached to the Mayor's Ride registration.

Bike Racks: Steve Acenbrak agreed to author a starter policy for the racks to submit to the City. 20 racks are on order with an angel providing interim financing

Jerseys: 50% has been paid for the order and the newest order will arrive Jan 18.

Roswell Rec Flyer: We missed the spring flyer, but Eric will send an email and check on the Summer flyer that is expected to come out before the Mayor's ride.

Adopt a Road: Mike Burns is going to pick a late Feb weekend as our first day to pick up on our adopted road – Dogwood.

Utility Bill Public Service Announcement: Eric to send Stu an email to inquire on process.

A **Polo type shirt** was discussed. One color for members and one color if you have been a board member. Eric to check into possibly knowing someone that has an embroidery machine.

Web Master – John Knop's name came up and suggested we advertise our cheesy site as one someone could adopt to enhance.

Route markings: It is time to get the markings up to date. Steve warned of the hazard of doing such a task and the consequences if something was to happen.

Top 10 List: It was discussed to have a top ten list and include adopt a road volunteer time as one of the ten.

Mike Burns met recently a **team rider for children type 1 diabetes team** and we all informed him that one of our past board members has a recently diagnosed child with type 1. It was discussed to possibly make this the **charity for the Roswell Crit.** Mike was to check into the location of the charity as it must be in N Fulton.

Mike burns also suggested we have a designated **SAG rider** that wears a flashy light and orange vest at the back of the **Thursday night ride** to let others know there is a peloton ahead. Safety first. (President's comment: it would be good for there to be one for the A, B and C groups).

Meeting was closed at 8:48
