Open Invitation to Participate in Helping Upgrade Roswell's Bicycle Friendly Community Status from Bronze to Silver

Greetings all interested parties!

It's time to start the process of renewing Roswell's Bicycle Friendly Community application with the League of American Bicyclists. We need to soon get organized and formulate a plan for having an application complete and submitted in a timely manner.

The Bicycle Friendly Community team from last year was composed of the following people: Sam Chontos, Tom Erdmanczk, Steve Acenbrak, Matt Foree, Luis Berrios, and Lise Walker

If you or someone you know has an interest or talent beneficial to the team, and want to be part of this committee, please contact me directly (contact info below). The more individuals we can recruit for this effort, the easier it will be to prepare an application that gets us the Bicycle Friendly designation we want for Roswell!—Silver!

Our first meeting will take place on **August 24th at 6:00** pm at my office (address below). In order to accommodate committee members who might not be able to make the meetings in person, in the future we will have the ability to participate in a conference call. But this first meeting we would like to get together in person so everyone can meet the members. It will be beneficial to have the final team pulled together before September 10th in order to have a framework for the application completed before the Holidays.

Please reply back to me on your committee involvement, and any suggestions you might have for additions to the committee. I will send out a calendar invite for upcoming meetings. My office (address below) is located in an office complex called Old Roswell Exchange, which is just a couple of blocks NE of Holcomb Bridge on Old Roswell Road.

Thanks for your interest, and I look forward to getting together!

Lise
